## A smarter way of networking together

“An initiative of Tring Together to create better business opportunities for Tring businesses.”

In association with Tring Chamber of Commerce, Tring Tomorrow and Tring Learning Centre

### **Our networking group aims to enjoy:-**

- Getting to know other, like minded, business people in the local area.
- Networking with other local businesses with a view to gaining direct referrals and business.
- Looking for opportunities to work together and use other local businesses when appropriate.
- Creating a supportive group of fellow business people, to talk to and seek advice from.
- Learning from each other and external speakers.
- Working on business problems together.

Our aim is to operate the group in a straight forward and simple way. It offers friendly, down to earth and practical support for local business people. The group will aim to increase the profits of the people who attend. The group will be a “not for profit” venture.

### **Business networking breakfasts:**
